

# Kasvuväylä helps you to discover growth management and financing services

**Kasvuväylä (Path to growth)** is a free expert service for companies provided by the Uusimaa TE Office.

We help growth-oriented companies with different business development needs and support companies' development by offering advice on the steps they can take to move forward. Kasvuväylä will help you when your business needs new and skilled workforce, when you are facing a change situation that requires new competence or when your company needs funding for a development project.
